

PUBLIC CONSULTATION EVENT

St. Andrew's Church, North Burlingham
Monday 27th January 2020 at 18:00

THE PROJECT WILL:

- Upgrade the facilities and restore parts of the 12th century church.
- Engage the attention of people whilst visiting the church, churchyard or woodland.
- Excite new interest in the building especially from people in the village.
- Explain the built and natural heritage in a well-presented way for people of all ages.
- Provide wayfinding and displays for new audiences exploring the heritage for the first time.
- Be sustainable through a framework of fun and engaging activities, events and workshops aimed at a wide range of people.
- Be an exemplar for other rural villages aspiring spiritual, social and cultural heritage, encouraging volunteering opportunities and greater wellbeing.

YOU ARE INVITED TO:

- View our professionally produced architectural plans.
- Speak with the project team about the proposals.
- Have your questions answered by the Project Manager.
- Tell us about your ideas and give us some feedback!

For further information please email James Mellish (Project Manager): james@jmenvironmental.co.uk
